4. Statement of Key Outcomes and Associated Activities

4.1 Ensure the coordination and delivery of a high-quality intervention by ensuring that:

- High-quality Assessment, Counselling and interventions are provided.
- Risks and safety are prioritised, with planning and mitigation strategies implemented.
- Callers, clients and colleagues are treated in line with organisational values, policies and principles.
- Treatment/Intervention adheres to approved program specific interventions, incorporating CT organisational and clinical framework.
- Networking and advocacy with external service providers
- Resources utilised are effective in responding to client needs and build upon already existing individual, family and community supports.
- Client needs are met by undertaking and coordinating crisis intervention as necessary.
- Priorities are set and workflow monitored, exercising judgement, and using initiative.
- Referral of clients to other services and mandated reporting obligations are completed.
- Professional relationships are established and maintained with relevant stakeholders.
- The service is promoted in a positive manner in the community and delivered to a high standard within resources and in line with quality management expectations.
- Ensure that knowledge, skills, and service provision is in keeping with current practices.
- Any other duties as directed.

4.2 Administrative requirements of the role include:

- Utilising excellent time management practices and systems
- Maintain timely and accurate client records, files, and data.
- Data collection and collation regarding the service and its outcomes are managed in accordance with the service agreement.
- Provision of monthly progress report and ad hoc reports
- Work in collaboration with Team Leader/Manager and other stakeholders to ensure that the Key Performance Indicators (KPIs) of the program are achieved.

4.3 Commitment to ongoing professional development through;

- Active participation in supervision, clinical supervision, reflective practice, and team meetings
- Expanding knowledge of counselling theory and practice, gendered violence, and perpetrator interventions
- Being open to ongoing feedback and learning from relevant stakeholders
- Participation in organisational training, evaluations, and research

5. Work Health and Safety

- Maintain a safe work environment in accordance with Policies and Procedures
- Participate in mandatory WHS training sessions.
- Ensure appropriate risk assessments are completed, recorded and accessible to relevant parties.
